

Problem Set 09 Discussion

04 November 2025

Kayla Wilhoit

Announcements

- Submit Final Project Proposal (and Final Project) by uploading to GitHub repository
- Feedback will be provided as a text file uploaded to your repository on Monday Nov 10
- Feel free to reach out via email as well!

Poem file reading

- Mistral poem has dash instead of underscore

```
'poem_corpus/Gabriela-Mistral_The-Stranger.txt'  
poem_corpus/Taha_Muhammad-Ali_Meeting-at-an-Airport.txt"
```

```
file.rename("poem_corpus/Gabriela-Mistral_The-Stranger.txt",  
            "poem_corpus/Gabriela_Mistral_The-Stranger.txt")
```

- One poem has spaces between the newlines
 - Audre Lord = will impact punct density

```
get_stanzas <- function(poem) {  
  str_split_1(poem, "\\n\\n|\\n \\n")  
}
```

- Completed problem set code available on wiki
